

MEMORANDUM

To: Paul Lam, Principal Planner, City of Alhambra
From: Samantha Wang, Air Quality Specialist
Subject: Peer Review of the Supplemental Air Quality Analysis for the Villages at the Alhambra Project (dated June 1, 2021)
Date: June 15, 2021
cc: Nicole Cobleigh, Dudek

Dudek completed the peer review of the *Supplemental Air Quality Analysis for the Villages at the Alhambra Project* (Supplemental Air Quality Analysis) dated June 1, 2021 and prepared by the Project Applicant's consultant, Noah Tanski. The purpose of the Supplemental Air Quality Analysis is to quantitatively evaluate the potential air quality impact generated from the construction and operational overlap activities under Alternative 3 Buildout Scenario 2. Dudek concurs with the methodology and conclusion of the Supplemental Air Quality Analysis.
