

Frequently Asked Questions about the California Gubernatorial Recall Election

You have safe and early voting options in this election

This September, California will hold an election asking voters if they want to recall (remove) the Governor from office. The Los Angeles County Registrar-Recorder/County Clerk is making sure you have all the information you need to safely cast your ballot early!

Here's what you need to know about this upcoming election.

What is the California Gubernatorial Recall Election?

On July 1, 2021 California Lieutenant Governor Eleni Kounalakis ordered that a statewide election be held to determine whether to recall Governor Gavin Newsom and, if appropriate, elect a successor. This election will be held on September 14, 2021.

This election will run like any statewide election in Los Angeles County, in that all registered voters will be mailed a Vote by Mail ballot, there will be hundreds of Ballot Drop Boxes for contactless ballot drop off, and there will be hundreds of in-person Vote Centers available as early as 10 days before Election Day.

How does this election work?

Your ballot will ask two questions that will each be counted separately:

- Do you want to recall the governor?
- If so, who do you want to replace him?

If more than 50% of voters vote YES to recall the governor, the governor will be removed from office and the candidate with the most votes would replace him.

If I vote "NO" on recalling the Governor, can I still answer the second question on who should replace him?

Yes, if a voter selects "NO" to recall the Governor, they can still vote for a replacement candidate.

When is the election?
